

# ANUPAM DUTTA

Skill development,  
Event Coordination

## About Me

I'm Anupam Dutta, a second-year Electronics and Communication Engineering (ECE) student with a passion for technology and innovation. I thrive on exploring the latest advancements in electronics and their applications in solving real-world problems.

Beyond academics, I enjoy working on hands-on projects and collaborating with like-minded peers to bring creative ideas to life. My goal is to develop skills that blend technical expertise with practical impact, contributing meaningfully to the field of engineering.
